A PINCH OF PEACE participatory arts project,
choreo-curated by The Floating Village:

Blankets of Peace

Dear creators,

You are invited to feel peace in your body and create some gesture of that inner peace on this special blanket. You may be moved to draw or write, paint or sketch on the blanket or you may choose to sing to the blanket, play music, dance with the blanket, or even wrap yourself in the blanket: any creative intervention is a welcome response.
